(7) "Port officer" includes any person acting under the authority of the Governor in Council in charge of port discipline.

(8) "Medical officer" (of a vessel) means any person holding medical charge of a vessel who is in possession of a certificate or diploma in medicine and surgery of a recognised university or medical school and registered in the country in which he obtained it.

PART II.—VESSELS ARRIVING AT PORTS IN THE MADRAS PRESIDENCY.

2. The master of every suspected or infected vessel arriving at any port subject to these rules shall hoist a signal which shall be

by day the Code Flag over Flag L of the Commercial Code, which is a square flag of yellow and black borne quarterly, and

by night three lights, at a height of not less than 20 feet above the hull of the ship, which shall be arranged, at a distance of not less than 6 feet apart, in the form of an equilateral triangle, and of which the light at the apex of the triangle shall be white and the lights at the ends of the base shall be red,

and shall report every such case or death that may have occurred from any of the causes enumerated above or in the case of a vessel not carrying a medical officer any death from any cause, to the pilot or other boarding officer at the earliest opportunity, and shall also comply, on arrival at such place as may be appointed in this behalf by the Governor in Council, with such regulations as may be made by the Governor in Council in regard to

(i) signalling the name of the port from which the vessel has come,
(ii) stopping at a particular place,
(iii) refraining from communication with the shore, and
(iv) taking measures for giving effect to the present regulations.

3. If the vessel be at anchor within port limits when such disease first breaks out or such death occurs, the master shall hoist the signals specified in regulation 2.

4. The pilot or other boarding officer shall promptly report the circumstances of the case to the Port officer, who shall immediately forward any report so made or give notice of any signal hoisted to the Port Health Officer.

5 (1) When any healthy vessel is within sight of a port in the Madras Presidency, the master shall intimate the fact by signal.

(2) Such intimation shall ordinarily be accepted by the Port officer; and if so accepted, the Health Officer need not visit the vessel, which may be considered to have pratique.

PART III.—BERTHING OF VESSELS.

6. (1) If the number of deaths from or cases of the diseases enumerated in the preamble, with the exception of plague and yellow fever, does not exceed two, the vessel will not be prohibited from taking up the usual place of anchorage in the harbour or port except that she may not enter the docks without the written permission of the Health Officer, and the passengers and crew not suspected of having any of the diseases in question need not, except in the case of pilgrim and emigrant ships and those not carrying a medical officer, be detained on board pending the inspection of the Health Officer. The master of the vessel shall be responsible that no one of the passengers or crew, except those referred to above, is allowed to leave the vessel before inspection by the Health Officer, and shall prevent the landing of bedding, clothes, or other personal effects which he has reasonable cause to consider likely to be infected.

(2) If the number of cases or deaths within the previous twelve days has exceeded two, or when from their occurrence on pilgrim or emigrant ships or for other special reasons further precautions may be deemed advisable, the pilot, or in his absence the master, shall keep hoisted by day or night, as the case may be, the signals prescribed by regulation 2, and shall anchor the vessel in the place appointed for the purpose and shall not allow any of the passengers or crew to leave the vessel except with the permission of, or under such instructions as may be issued by, the Health Officer.

7. If a case of yellow fever or of plague or unusual mortality among rats has occurred on board, the vessel shall not take up the usual place of anchorage pending the visit of the Health Officer; in the meanwhile the vessel shall stop at such place as the Port officer may by order provide.

8. So long as the signals prescribed by regulation 2 are shown, no person in charge of or navigating any boat shall, without the permission of the Health Officer, attempt to take it alongside such vessel.

PART IV.—INSPECTION OF VESSELS.

9. Whenever the Health Officer receives the notice referred to in regulation 4, he shall without unnecessary delay proceed on board and examine the vessel, and the master shall give him every facility for the examination of the passengers, crew, personal effects, cargo, and any part of the ship the Health Officer thinks necessary. The Health Officer may require a declaration on oath from the medical officer (if any) of the vessel or from the master or from both, whether any death or sickness from an unknown or suspicious cause or any case of any of the diseases enumerated in the preamble has occurred on board the vessel either during the voyage or before her departure, and with reference to plague, whether any unusual mortality has been observed among rats. If the Health Officer is satisfied that such deaths as may have occurred were not due to any of the causes enumerated in the preamble, he shall, permit the vessel to proceed to the usual place of anchorage and to discharge passengers and cargo without any further restrictions. If he is not so satisfied, he shall proceed as provided in these regulations. The inspection by the Health Officer will ordinarily take place between sunrise and sunset.

10. As a result of every inspection the Health Officer shall classify the vessel as infected, suspected or healthy, in accordance with the definitions given in Part I.

11. On the completion of the inspection prescribed by regulation 9, such of the passengers and crew as have been detained under regulation 8 (a) but who are found to be free from any of the diseases enumerated in the preamble and unlikely to carry infection shall be allowed to land. All baggage, personal effects and cargo, except such articles as the Health Officer is entitled to disinfect, may also be landed.

12. If a case of any of the diseases enumerated in the preamble occurs on any vessel after she has entered dock or has been moored at a wharf, the master shall forthwith cause information thereof to be given to the dock master or superintendent of the wharf, who shall communicate the information to the Health Officer (through the Port Officer) and to the Superintendent of Police and shall be responsible that the sick person shall be isolated as much as possible, and that free communication with wharf is stopped until the Health Officer has inspected the vessel.

PART V.—REMOVAL OF THE SICK.

13. When on inspection the Health Officer considers it necessary in order to prevent the spread of disease, he shall take the measures indicated in PART VI of these regulations, as the case may be.

14. Unless a vessel shall have had communication with the shore under the proviso to regulation 13, and except as provided for under regulation 19 (2) and 33 the removal of sick passengers is not to be enforced in the case of persons bound for an onward port unless under the clearest necessity of which the Health Officer shall be the judge, and in every such case a special report explaining the reasons for the action taken must be submitted by the Health Officer to Government.

15. The Health Officer shall inform the Municipal Health Officer in all cases in which he arranges for the conveyance of a patient to a sanitarium or hospital or other place within municipal limits and shall furnish the Municipal Health Officer with the address of any private residence to which he permits the removal of a patient.

16. Where small-pox is the disease on account of which the vessel is deemed to be infected the Health Officer shall offer, without charge, vaccination or revaccination to all persons willing to be operated upon, and shall cause to be vaccinated, if their guardians or those in charge of them consent, all children below ten years and over six months of age who do not bear marks of vaccination or of small-pox. In the case of plague inoculation may similarly be offered free of charge to all willing to be inoculated.

PART VI.—MEASURES TO BE TAKEN IN THE CASE OF HEALTHY, INFECTED AND SUSPECTED VESSELS.

17. Vessels classed by the Health Officer after inspection as healthy shall be given free pratique, save as otherwise provided in rule 23. Other vessels will be dealt with in accordance with rules contained in parts VI (A), VI (B), VI (C), VI (D) or VI (E) according to the disease on account of which they are declared suspected or infected.

PART VI-A.—SMALL-POX, CHICKEN-POX, MEASLES, CHOLERA, TYPHUS AND SCARLET FEVER.

18. In the event of a vessel being classed either as infected or suspected on account of any of the above-mentioned diseases, the Health Officer

(1) shall arrange for the conveyance of any person suffering or suspected to be suffering from such disease to a sanitarium or hospital, unless the sick person or his friends can make adequate provision elsewhere of which the Health Officer must satisfy himself; but he shall not enforce the removal from the vessel of any person or persons bound for an onward port except as provided for in regulation 14;

(2) shall either himself undertake, or direct the master of the vessel to undertake, the destruction or disinfection of all clothing, bedding and other articles that he may consider infected;

(3) may when a vessel with one or more of the above-mentioned diseases on board has in his opinion passengers or crew in a filthy and unwholesome condition, cause the clothing and personal effects of such persons to be disinfected before allowing them to leave the vessel;

(4) may, in the case of undecked craft, direct the disinfection, or in special cases the destruction, of food-stuffs which have been exposed to contamination and are considered likely to be infected;

(5) may order that any portion of the vessel that has actually been exposed to contamination or is in a filthy or insanitary condition, or which he considers likely to be infected, should be disinfected and cleansed as he may direct and may prohibit the discharge of bilge-water or water ballast within port limits without previous disinfection;

(6) may, in the case of cholera, direct the master to have the bilges and water tanks emptied, cleaned and disinfected.

PART VI-B.—PLAGUE.

19. In the case of infected vessels the following measures shall be taken :—

(1) All persons on board shall be medically examined as prescribed in regulation 9.

(2) All persons suffering from plague shall immediately be disembarked under the directions of the Health Officer and isolated in the camp or hospital, whether ashore or afloat, appointed by or under the orders of Government for the purpose.

(3) At the discretion of the Health Officer other persons may also be disembarked and be subjected to observation* or surveillance* or observation followed by surveillance during a period which shall not exceed five days.

(4) Such soiled linen, wearing apparel and articles belonging to the crew and passengers as are, in the opinion of the Health Officer, infected, shall be disinfected.

(5) All parts of the vessel which have been occupied or frequented by plague patients shall be disinfected; and any other parts of the vessel that, in the opinion of the Health Officer, are infected, shall be disinfected.

(6) The rats on board shall be destroyed, either before or after discharge of the cargo, in either case as quickly as possible, and in such manner as to avoid as far as possible damage to merchandise and to the ship's plating and engines. In the case of ships in ballast this process must be carried out as soon as possible before embarking cargo.

(7) Passengers arriving by an infected ship and subjected to the provisions of clauses (2), (3) and (4) above are entitled to obtain from the Health Officer a certificate showing the date of their arrival and the measures taken as regards themselves and their baggage.

20. When the measures prescribed in regulation 19 have been duly taken in respect of any vessel the Health Officer shall, by written order, grant pratique, provided that, if a case of plague or of illness suspected to be plague occurs on board subsequent to the grant of the above certificate, the certificate shall become invalid and the vessel again become subject to the requirements of the regulations regarding infected vessels.

21. In the case of suspected vessels the following measures shall be taken :—

(1) All persons on board shall be medically examined as prescribed in regulation 9.

(2) The destruction of rats may be ordered, at the discretion of the Health Officer, and if ordered shall be carried out in the terms of regulation 19 (6).

(3) All soiled linen, wearing apparel and personal effects of the crew and passengers which are or are suspected to be infected, shall be disinfected.

(4) All parts of the vessel which have been occupied or frequented by plague patients shall be disinfected; and any other parts of the vessel that, in the opinion of the Health Officer are infected, shall be disinfected.

22. When the measures prescribed in regulation 21 have been taken in respect of any vessel, the Health Officer shall, by written order, grant pratique.

23. In the case of healthy vessels pratique shall ordinarily be given at once as provided for in regulation 17, but the Health Officer may, in his discretion, if special circumstances appear to him to require it, impose any or all of the following measures :—

(1) medical examination as prescribed in regulation 9;

(2) disinfection of soiled linen, etc., as prescribed in regulation 19 (4);

(3) destruction of rats as prescribed in regulation 19 (6); but the process of destruction must not occupy more than 24 hours.

24. In exercise of the functions imposed upon him by regulations 9, 19 and 21, the Health Officer shall—

(a) attach due importance to the presence on board the vessel of a medical officer and to the provision of apparatus for disinfection by means of saturated steam and for the destruction of rats, and

(b) shall take into account the sanitary or insanitary, and roomy or crowded condition of the vessels.

* "Observation" means isolation either on board the ship or in a sanitary station appointed for the purpose before the grant of pratique. Passengers under "surveillance" are not isolated; they receive pratique at once and are at liberty to proceed to their destinations, but the authorities at those places are informed of their coming and they are subjected to medical examination for such period as may be fixed in these regulations.

25. If in the case of any vessel making a passing call, the communication with the shore is restricted to the landing of passengers, mails or goods, the Health Officer may, in his discretion, enforce the provisions of regulation 19, 21, or 23, as the case may be, to such extent only as may in his opinion be necessary for the purpose of controlling the actual communication with the shore.

Provided (a) that any persons on board the vessel whom the Health Officer has reason to believe to be suffering from plague shall be landed and kept under observation

Provided also (b) that ships from an infected place that have been disinfected and have undergone adequate sanitary measures, shall not, on their arrival in another port, be subjected to these measures a second time if no case has occurred since the disinfection was performed and if they have not called at an infected port. A ship which has merely disembarked passengers and their baggage or mails, without having been in communication with the shore, shall not be regarded as having called at the port.

26. The Health Officer shall whenever requested furnish the master, the ship-owner or the ship-owner's agent with a certificate stating that measures of rat destruction have been carried out and giving the reasons why they were resorted to.

27. The foregoing regulations shall not prevent the transhipment, under restrictions to be imposed by the Health Officer in conformity therewith, of passengers, mails or goods between vessels which have not been granted pratique.

28. If any case of plague occurs among any group of persons who are being kept under observation, the patient shall be isolated or sent to a hospital, and the other persons shall continue to be detained and segregated as aforesaid for a period not exceeding five days from the date on which the group became free from plague. The clothes and effects of the patient and of such persons as have been in contact with the patient shall be disinfected at the discretion of the medical officer in charge.

29. The medical officer in charge of any place appointed for the isolation of any persons under these regulations may, in his discretion, by written order, direct that any person who is kept there under observation shall be allowed to depart and shall be subject to surveillance.

30. If the system of surveillance to which any person is subjected on shore requires his daily attendance before a medical officer, the Health Officer may, by written order, exempt such person from such attendance on being satisfied that he may be relied upon to send in a prompt report if he should fall sick.

31. Persons subjected to surveillance shall submit to, and comply with, all directions as to medical supervision or otherwise, which may be given by written order of a medical officer appointed by *or under the orders of Government* in this behalf.

PART VI-C.—YELLOW FEVER.

32. In the case of vessels which have, within a period of two months immediately preceding their arrival, started from or touched *en route* at a port infected with yellow fever or communicated (except orally without contact or by signal) with a vessel either infected or which has left an infected port within that period, the following procedure shall be observed :—

(1) The vessel shall be anchored at sea at such special anchorage as may be fixed for this purpose by the Port Officer but in no case less than half a mile from the land at low water. The visit of the Health Officer shall be made during the day as early as possible and all persons on board shall be medically examined as prescribed in regulation 9.

(2) Any person suffering from yellow fever, if in the first four days of the disease, or if there is any doubt about the duration of the disease, shall be protected from the approach of mosquitoes by means of curtains, and shall be treated on board for at least four days. Any person suffering from fever shall similarly be isolated, be protected from the approach of mosquitoes by curtains and treated on board for at least four days. All passengers in perfect health (with normal temperature, etc.) may be landed, and shall be kept under close observation for a period of at least eight days extensible at the discretion of the Health Officer to a maximum of twelve days, special precautions being taken throughout the whole of this period to prevent mosquitoes having access to them.

(3) In no case should any person sick of yellow fever be landed during the first four days of his illness without the special sanction of Government. If such sanction is given, the most minute precautions to prevent mosquitoes reaching the patient shall be taken, including a mosquito-proof cabin on the launch, mosquito-proof ambulances and a mosquito-proof ward in an isolation hospital.

(4) The crew of the vessel should be required to sleep in airy places preferably on deck, and should be protected by mosquito curtains.

(5) The ship shall be cleared of mosquitoes by the systematic fumigation,* under efficient supervision, of every cabin, store-room, alley-way and hold.

(6) All water in which mosquitoes could breed should be emptied into the sea and all drains flushed by means of a hose. The bilge should be pumped out or oiled. The drinking water tanks should be emptied to get rid of larvæ, fresh water being taken and the tanks completely filled so as to drown any adult mosquitoes which may be present in them.

* Sulphurous acid is probably the best gas to use.

(7) Provided if no case of yellow fever has occurred on board within two months immediately preceding the vessel's arrival, only such of the above measures in addition to those described in paragraphs (1), (5) and (6) shall be carried out as are considered by the Health Officer necessary in the circumstances of the case.

(8) No ship shall leave the anchorage for the purpose of taking up her berth until the measures described in paragraphs (5) and (6) have been carried out.

PART VI-D.—SLEEPING SICKNESS.

33. In the case of a vessel having on board a person suffering or suspected to the sufferings from sleeping sickness, the person or persons shall not be permitted to land without the specific written permission of the Health Officer, who may, pending the receipt of written instructions from Government permit the landing of such persons only if arrangements can be made for their strict isolation on shore. In the case of Aden the Health Officer may prevent the embarkation of, or, subject to the arrangements above referred to, may disembark any person proceeding to India who is suffering or suspected to be suffering from sleeping sickness.

34. In the case of a vessel arriving from the East Coast of Africa within the limits of Port Sudan and Durban or from other localities declared to be infected, the procedure prescribed by regulation 2 shall be complied with and the crew or passengers, etc., shall be medically inspected in accordance with regulation 9.

PART VI-E.—JIGGER.

35. In the case of a vessel having on board any person or persons suffering from jigger,

(1) the Health Officer shall carefully examine every person on board and any person or persons found to be suffering shall be removed to hospital for treatment;

(2) the clothes of infected persons shall be disinfected, and the Health Officer may, in his discretion, order the disinfection of the clothes, bedding, etc., of all persons on board;

(3) any part of the vessel likely to harbour jigger fleas shall be thoroughly washed with a watery solution of kerosine oil emulsion or in a recognized solution of tar acid which is accepted by the Port Health Officer;

(4) the ballast of such vessel, if of earth or sand, shall not be landed without the permission, in writing, of the Health Officer, who, if he considers it necessary, may order that it shall be discharged into the sea/river at such places as shall be appointed for the purpose by Government.

PART VII.—GENERAL.

Vessels.

36. The master of any vessel coming under these regulations shall comply with all directions which the Health Officer may consider necessary under the foregoing rules.

37. The master of any vessel who may object to submit to the foregoing regulations may put out to sea again, provided that objection has been taken before there has been any communication, except by signal or through the port authorities, between such vessel and the shore or with any other vessel in port. Goods may be landed from such vessels after precautions have been taken to isolate the ship, crew and passengers and on condition that such information as the Health Officer may require regarding the mortality among rats is duly supplied: passengers may by disembarked at their own request on condition that they submit to all the measures prescribed by the local authorities.

38. In the event of any vessel putting back to sea the Health Officer shall intimate the fact by telegraph to the next port of call if in British India.

Persons

39. All persons removed to hospital or kept under observation at any place shall obey and conform to the rules, regulations and orders for the time being in force at such hospital or place and shall be liable to pay all such charges as for the time being may, under the sanction of Government, be made against them.

40. When a suspected case of any infectious disease is removed from a vessel at any port, the Health Officer shall report the confirmation or otherwise of the diagnosis, by telegraph, to the Health Officer of the next port of call if that port is in British India, Ceylon or the Straits Settlements. In other cases a note shall be made on the bill of health stating the nature of the suspected infectious disease and the precautions taken in connection therewith.

Dead Bodies.

41. Disposal shall be as follows:—

(1) If death occurs on board a vessel before entering port limits, the body shall, unless there are special reasons to the contrary, be buried at sea in not less than nine fathoms of water, in such manner as shall secure its immediate sinking and remaining below the surface.

(2) If death occurs during the day on board a vessel within the port limits the ensign and house flag, if there is one, are to be immediately lowered half-mast and kept in such position from sunrise till sunset as long as the body remains on board. If a death occurs between sunset and sunrise, four lights are to be hoisted at the peak in a vertical line one over the other not less than three feet apart, the two highest being red and the two lowest white.

(3) The master of the vessel shall cause the death of a person on board to be intimated forthwith to the police, either by letter or otherwise, and shall forward to the Port Officer a written report as soon as possible after the occurrence, in which all the circumstances attending the death must be fully detailed.

(4) No dead body shall be removed from a vessel within port limits without the permission of the police, which shall not be given until the Health Officer has certified either—

(*a*) that the death is not due to infectious disease, or

(*b*) that, in the case of infectious disease, the Port authorities have given permission for burial on shore.

If the Port authorities in consultation with the Health Officer decide that burial on shore cannot be permitted, the body must be buried at sea in such manner as the Health Officer may direct.

Disinfection.

42. All disinfection prescribed by these regulations shall be carried out, unless otherwise specifically provided for, in the manner prescribed in the appendix thereto.

PART VIII.—VESSELS LEAVING PORTS IN THE MADRAS PRESIDENCY FOR PORTS BEYOND INDIA.

43 No vessel shall leave any port in the Madras Presidency which has been declared to be infected with any contagious or infectious disease for any port beyond India until—

(1) all persons sailing by the vessel, whether as passengers or as members of the crew, have been medically examined by the Health Officer;

(2) in the case of plague—

(*a*) all persons sailing by the vessel, either as passengers or as members of the crew (except such onward bound passengers as have not remained one night on shore and such members of the crew, as have not remained one night on shore or have not newly joined, who may be examined on board) have been medically examined by the Health Officer on shore by day as shortly as possible before embarkation;

(*b*) all merchandise or articles of any sort which the Health Officer may consider to be infected with plague have been disinfected on shore previous to embarkation;

(*c*) all clothing, bedding and infected articles belonging to Asiatic and African members of the crew, not being officers, engineers or doctors, to deck and fourth-class passengers, and to third-class passengers not entitled to cabin accommodation, which the Health Officer may consider to be infected with plague, and, if the Health Officer thinks fit so to direct, all clothing, bedding and infected articles belonging to passengers of any class higher than the third and of any members of the crew, have been disinfected on shore by day as shortly as possible before being placed on board;

(3) the Health Officer has given to the master of the vessel a bill of health stating that the medical examination and disinfection prescribed by this regulation have been carried out.

(4) In the case of any disease other than plague the Health Officer may, in his discretion, enforce the provisions of clauses 2 (*b*) and 2 (*c*) above.

Provided that, if the vessel is only making a call at the port in question, the medical examination and disinfection prescribed by this regulation shall be made only in the case of persons joining the vessel there and articles belonging to them, unless there is communication between the vessel and the shore. The Health Officer shall decide, for the purpose of this proviso, what constitutes communication between the vessel and the shore. The bill of health in such case need only take the form of an endorsement on the last bill of health held by the vessel and need only refer to the passengers and crew embarking at the port in question.

44. It shall be open to the consular representative interested in any vessel to be present, if he so desires, at the medical examination and disinfection prescribed by regulation 43

45 If any vessel does not leave port within 24 hours after the medical examination made under regulation 43, she shall not leave until—

(*a*) a fresh medical examination of the passengers and crew has been made under that regulation, and

(*b*) a fresh bill of health has been given to the master under that regulation.

Provided that such fresh examination may be conducted on board the vessel, whether or not there has been communication with the shore since the previous examination was made, and provided that, if the time of departure be after sunrise on the day after that of inspection, the master of the vessel shall send the bill of health to the Health Officer to have the date of departure amended.

46. If, after a bill of health has been given to the master of any vessel and before the vessel leaves the port, any cargo or goods of any kind be placed on or taken off the vessel except in such manner as may be directed by the Health Officer, the vessel shall not leave the port until—

(a) such further medical examination and disinfection as the Health Officer may consider necessary have been made under regulation 43, and

(b) a fresh bill of health has been given to the master under that regulation.

Provided that such further examination and disinfection may be conducted on board the vessel.

47. (1) After a bill of health has been given to the master of any vessel no person except the pilot or person authorised by the Health Officer shall be permitted to embark on the vessel unless he has been medically examined by the Health Officer as prescribed in regulation 43.

(2) If any such person is permitted to embark, the Health Officer shall amend the bill of health accordingly.

48. Port-clearance shall not be granted for any vessel, unless and until the master produces the bill of health prescribed by the foregoing regulations.

Provided that, at any port where, in the opinion of Government, local conditions render this relaxation advisable, the authority responsible for granting port-clearance may grant port-clearance for any vessel on receiving from the agents of the vessel a written guarantee that a duplicate of such bill of health, signed by the Health Officer, will be furnished by them to him within forty-eight hours.

49. (1) If the Health Officer considers that any passenger is suffering from, or is in the incubation stage of, any infectious or contagious disease, he shall prevent such passenger and his or her relatives and attendants from embarking or sailing; and their baggage and personal effects shall not be allowed on board the vessel and, if already placed on board, shall be removed as early as possible.

(2) For the purposes of this regulation, the term "relatives" shall mean such persons as have been living with, or have been, in the opinion of the Health Officer, in dangerous communication with the suspected passengers.

50. (1) If the Health Officer considers that any member of the crew of the vessel is suffering from, or is suspected to be in the incubation stage of, any infectious or contagious disease—

(a) he shall prevent such member from re-embarking on such vessel and shall refuse to give a bill of health until the baggage and personal effects of such member have been removed from the vessel and such parts of the vessel as have been occupied or frequented by such member have been disinfected; and

(b) the baggage and personal effects of such persons as were in immediate contact with such member of the crew shall be disinfected, and the names of such persons shall be given to the medical officer or master of the vessel for supervision on the voyage.

(2) All action taken under clause (1) of this regulation for the disinfection of a vessel shall be noted in the bill of health.

51. Any person who is prevented by the Health Officer under the foregoing regulations from embarking or sailing may be removed to and kept at a hospital or kept under observation; or, if any such person gives a genuine address, he may, at the discretion of the Health Officer, be subjected to surveillance for the period not exceeding five days.

52. At all ports declared to be infected with plague proper measures shall be taken to prevent rats obtaining access to vessels (Appendix B).

53. Regulations 43 to 52 shall apply to all pilgrim or emigrant ships and may, by order of Government, be applied to vessels leaving a port in the Madras Presidency for another in India or Burma.

APPENDIX A.

[See Regulation 42.]

Instructions for Disinfection.

1. Personal effects, such as rags, bandages, papers and other articles without value, which, in the opinion of the Health Officer, are deemed likely to carry infection, should be destroyed by fire.

2. Under-clothing, bedding, wearing apparel, mattresses, carpets, etc., which are contaminated or suspected, and other articles to be disinfected, should be exposed for 15 minutes to saturated steam — under pressure if possible — at a temperature of not less than 100° C. (212° F.), care being taken that the steam shall reach all parts of each article to be disinfected.

3. *Disinfecting solutions.*—

(a) Solution of corrosive sublimate of one part in 1,000 with the addition of 2 parts in 1,000 of hydrochloric acid or 160 grains of chloride of soda in one gallon. The solution should be coloured with aniline dye or indigo. It should not be placed in metal vessels

(b) A 5 per cent. solution of pure crystallized carbolic acid, or 5 per cent. of crude commercial carbolic acid free from tar oils in a warm solution of soft soap

(c) Freshly prepared lime-wash *

(d) Such proprietary tar acid compound as the Port Health Officer may approve of.

4. *Special instructions to be observed in the employment of disinfecting solution.*—The linen, clothing and articles soiled by the excreta of patients should be soaked in the solution of corrosive sublimate. The solution of pure carbolic acid and the solution of soap and carbolic acid are equally suited to the purpose. The articles should remain in the solution for at least six hours.

Articles which cannot be subjected to the temperature of 212° F. without injury, as leather goods, wooden articles stuck together with glue, felt, velvet, silk, etc., should be washed with a disinfecting solution; coins can be disinfected with the solution of soap and carbolic acid. Persons engaged in nursing the sick should wash their hands and faces with one of the carbolic solutions. The carbolic solutions will be useful more particularly for disinfecting articles such as metal, or instruments, which can neither be subjected to a temperature of 212° F. nor placed in contact with corrosive sublimate. Chlorinated lime is particularly recommended for disinfecting excreta. Expectorated matter should be burnt.

5. *Disinfection of ships on which plague has occurred among human beings or rats.*—All rats on board shall be destroyed by means of sulphurous anhydride or other suitable disinfectant. The cabins, etc., occupied by the sick or those suspected to be suffering from plague shall, at the discretion of the Health Officer, be treated with a solution of corrosive sublimate and thoroughly cleansed with soap and water. In the case of pneumonic plague preliminary disinfection with corrosive sublimate solution shall be invariably carried out.

6. *Disinfection of the hold of an infected ship.*—The bilge-water shall be pumped out, and the hold washed with sea-water, a sufficient quantity of a solution of corrosive sublimate being subsequently thrown in at the discretion of the Health Officer. The bilge-water shall not be pumped out when the vessel is in harbour without the written consent of the Health Officer

* The lime-wash should contain 20 per cent. of lime, and may be prepared as follows:—Take 2 pounds of good quick-lime and slake it by moistening it gradually with about half a pint of water. When the operation is completed the resulting powder must be kept in an airtight vessel in a dry place.

For use the quantity of slaked lime obtained from 2 pounds of quick-lime should be placed in a convenient vessel and water added to make one gallon

APPENDIX B.

[See Regulation 68.]

Measures to be adopted to prevent Rats obtaining Access to Vessels

14. Subject to any change that may be found to be necessary, the examination will be conducted in the order of time and subjects shown in the subjoined table; candidates are at liberty to bring up as many tests together as the table allows, but whatever may be the number of tests brought up, only one application form should be used.

MADRAS MEDICAL COLLEGE.

M.B. & B.S. AND L.M. & S. CLASSES.

Candidates intending to commence Medical studies at the Madras Medical College on or after 1st July 1916, are informed that in the selection of candidates from that date preference will be given to those who have passed the Intermediate Examination of an Indian University in Group II or I with a Classical or Classical Oriental language or any one of the preliminary examinations recognised by the General Medical Council of Great Britain. In the case of Graduates in Arts a pass in Classical language will not be required.

As the Regulations of the Madras University accept, at present, an unconditional pass in the Intermediate Examination in Arts as sufficient qualification for the commencement of Medical studies, those who have not passed in a Classical language may, however, be admitted if there are vacancies, but such candidates will be seriously handicapped should they wish to proceed to Europe for further study and their Degrees will not be registerable outside India.

In any case candidates, who have passed the Intermediate Examination in Group II or I will always have preference over other applicants.

(2) The rest of the Presidency with the exception of the Nilgiri district and the Wynaad taluk, Anjengo, Tangasseri and the Attapadi valley of the Malabar district.

(3) The Banganapalle State.

2. Tree-tapping licenses shall be issued on the application—

(*a*) of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction or licensed separately;

(*b*) of persons having the exclusive privilege of manufacture and supply of consumable toddy arrack as foreign liquor;

(*c*) of tappers on their own application in the South Canara district, provided that the application for license is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken;

(*d*) of tree owners generally, and of sweet-toddy tappers in the Godavari district, and in the Narasapur, Bhimavaram, Tanuku-Ellore and Yernagudem taluks of the Kistna district, for not more than five trees in the case of tree owners and three trees in the case of sweet-toddy tappers, for the drawing of toddy required for domestic consumption, but not for sale;

(*e*) of toddy shopkeepers or renters in the Mysore territory and in the Banganapalle State desiring to obtain toddy from trees growing in British territory; and

(*f*) of toddy shopkeepers in the Pudukkottai State desiring to obtain toddy from trees in British Territory provided that the application is certified or countersigned by the Salt and Abkâri Inspector of the State.

In cases (*a*), (*b*), (*d*), and (*e*) the licenses may be issued in the name of the applicant himself or of his nominee, and in cases (*c*) and (*f*) in the name of the applicant only.

3. Persons wishing to apply for the grant of tree-tapping licenses must first pay the fees (or the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury, a Taluk treasury or a Salt treasury. Divisional officers may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor. Pudukkottai renters when applying for trees in British territory must pay the full tree-tax into a British treasury at the rates prevailing in British territory.

4. (1) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Inspector, Salt, Abkâri and Customs Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of Salt, Abkâri and Customs Department, and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped; those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned along with the application in form T. T 9, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping license in Mysore. The tree-tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier.

(2) Applications for tree-tapping licenses in the South Canara district should be countersigned by the owner of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into the British treasuries and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licenses for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licenses for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Kurnool district. Similarly those in the Banganapalle State will be allowed to tap trees in the adjoining British territory.

7. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) On receipt of an application, the Inspector, unless he sees special cause to the contrary, will at once take steps for the marking of the trees by an officer superior in rank to a petty officer and for the issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the Godavari district and in the Narasapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the Kistna district, trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate topes or blocks.

9. Collectors may, from time to time, prescribe the minimum number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer.

11. For palmyra and date trees in the Presidency and for Dadaal (*Areca Wightii*) trees in South Canara, tree-tapping licenses shall be annual, that is, in force from 1st October or any subsequent date to the 30th September immediately following, and for cocoanut and sago trees they shall be half yearly, that is, in force from 1st October or any subsequent date to the 31st March immediately

following, and from 1st April or any subsequent date to the 30th September immediately following except in the case of the trees having been illicitly tapped, when the full tree-tax may be levied.

12. The following shall be the fees payable on account of each tree for the tapping of which license is applied for :—

Districts	Cocoanut palms (for each half-year as defined in rule 11 above)	Sago palms (for each half-year as defined in rule 11 above).	Palmyra or date palms (for the whole year as defined in rule 11 above)	Toddy palms (*Caryota urens* palms) (for the whole year as defined in rule 11 above).

But in the case of trees applied for between 1st May and 31st July, the full tree-tax will be levied at the time of application.

14. Every instalment of tree-tax shall be paid on the first day of the month in which it falls due.

15. For the convenience of applicants, applications will be received from 1st September or 1st March; but no trees will be marked, nor licenses issued, nor preparation of spathes permitted before 15th September or 15th March; nor shall pots be attached to trees before the evening of the 30th September or 31st March, as the case may be. In the case of date trees the process of preparation will be allowed from the 15th September but the incision required for the insertion of the drip leaves will not be allowed before the evening of the 30th September. In no case shall toddy be drawn except during the currency of the license.

16. All toddy drawn under the tree-tapping licenses granted in accordance with these rules shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct to a distillery or a licensed toddy shop under a general transport permit which will be granted gratis by the Inspector. In the South Canara district when a licensee decides to change the shop to which his toddy is to be taken, the permit will be amended on application and on prepayment of two annas in addition to the Court-fee stamp of the value of one anna to be affixed to the application. No toddy drawn under these rules shall be sold otherwise than to a licensed distiller or shopkeeper except at a regularly licensed shop. Tree-foot sales or sales in the open are absolutely prohibited.

17. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap, except the toddy contained in the pots attached to the spathes of the trees, provided that the Commissioner of Salt, Abkari and Separate Revenue may, on sufficient cause being shown, relax the restriction in any local area.*

SUPPLEMENT TO PART II

OF

THE FORT ST. GEORGE GAZETTE.

No. 28.] MADRAS, TUESDAY EVENING, JULY 13, 1915. [Price, 1 anna.

SALT, ABKARI AND CUSTOMS DEPARTMENT.

NOTIFICATION.

No. 5, dated 5th July 1915.

NOTICE OF SALE OF ABKARI PRIVILEGES.

Notice is hereby given that the number of farms and independent shops appointed for the sale of liquor, during the twelve months beginning 1st October 1915 and ending 30th September 1916 and the local limits appointed for them will be notified by Collectors in their District Gazettes, and that the privilege of sale therein will be put up to public auction on the dates, at the places and by the officers to be notified by Collectors subject to the conditions hereinafter set forth.

Conditions of Auction Sale.

II. The districts in which independent toddy shops and arrack farms, respectively, will be sold are specified below :—

Independent toddy shops*.	Arrack farms.
Throughout the Presidency including the Banganapalle State and excluding the Nilgiri district and the Wynaad taluk and the Attapadi valley in the Malabar district and the Agency tracts.	The Attapadi valley.

A separate notification will be issued regarding operations under the free-tax system. Collectors will issue others regarding the tracts where special systems are in force.

III. A deposit must be made by each bidder previous to bidding and will be received by the selling officer on the day of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs 50 or less and to Rs 5 in the case of bidders for single small shops. In the case of farms Rs. 100 will be the ordinary deposit. This will be reduced to Rs 50 in the case of bidders for farms of an aggregate monthly rental of not more than Rs 100 and to Rs. 10 in the case of bidders for single small farms. In the Kurnool district, the selling officer may, where he finds it necessary, require a deposit of Rs. 10 only from bidders for toddy shops. In the South Canara district, the selling officers may at their discretion reduce the deposit to Rs. 2 for shops whose average monthly rental does not exceed Rs. 2.

IV. The shops or farms will be put up to auction in the order in which they are notified, unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the Collectors. The reserve price placed by Government on the shops or farms will not be published, but the average of the previous five years' rentals will be notified by the Collectors wherever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Abkari Opium Act as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which

* Certain toddy shops in the Tuticorin Circle will be leased out for 6 months only from 1st February 1916. Tree-tapping licenses for these shops will be issued for 6 months only from 1st February 1916. Rentals should be paid in six instalments, one in every month during which the shop is open. The full rate of tree-tax announced for the year will be levied on trees applied for, for the half-yearly shops.

he may consider to be purely speculative, after recording his reasons for doing so. Village officers * will not be allowed to bid for, or to have any direct interest in shops for the sale of intoxicants.

VII. The shops and farms will be knocked down to the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless revised by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any officer appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall be taken, or the shop or farm re-sold at his discretion.

IX. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit † of half a month's rent (in addition to the deposit made under clause III) for each shop or farm unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause III will be forfeited and the farm or shop will be put up again immediately by the selling officer on the above conditions or otherwise disposed of by the Collector and the defaulter will be debarred from bidding again for the same or for any other farm or shop.

X. Persons to whom farms and shops have been knocked down and who have made deposits as provided in clauses III and IX shall also deposit such further sum as with the former deposits will make up two months' rent (to be paid within ten days from the date of communication of the Collector's acceptance of the bid) and shall without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed two months' rental, the excess will be refunded unless the purchaser is required to deposit twice that sum under clause XI *infra*.

XI. If on enquiry subsequent to sale the purchaser shall be found to be of doubtful solvency, he may be required either to deposit two months' rental in addition to the sum prescribed in clause X *supra*, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (article 34, schedule I, Act II of 1899) and registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the requisition under clause XI *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made may be forfeited and the shop or farm re-sold under the orders of the Divisional Officer on the dates notified by the Collector or otherwise disposed of by the latter officer.

XIII. Re-sales effected under clause XII will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with original sale.

XIV. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Tahsildar ‡ and the licensee so agree, it may be credited towards the last instalments of the kists payable by the latter.

The licenses issued under the above clauses will contain the following general conditions common to all abkari and opium licenses and the special conditions prescribed below :—

General Conditions applicable to all Abkari and Opium Licenses.

1. Contract suppliers of country spirits are prohibited from holding within their contract areas any interest in the retail vend of arrack or in the vend of other intoxicating liquors such as toddy, foreign liquor and beer, and from employing any person who has such interest. This prohibition does not extend to the wholesale supply of foreign liquor or of rectified spirit to licensed vendors; nor does it prevent them from holding an interest in the retail sale of country spirits in areas other than those for which they have been granted the supply contract, or from holding ganja and opium shops either within or without their contract areas. Brewers are prohibited from having any interest either direct or indirect in the retail vend of beer throughout the Presidency.

2. The limits within which sales under any abkari or opium license may be carried on will be specified by the Collector at the time of the grant of the license. The sale or possession (except subject to the rules applicable to unlicensed persons) of liquor, opium or intoxicating drugs outside those limits is prohibited.

3. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communication between the depot or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrack shops and taverns in municipalities, or towns having a population of 20,000 and over, the shop premises shall have no doors except into the main street; there shall be no possible means of ingress or egress in any other direction; the interior of the shop shall be sufficiently lighted by day and the shop shall not be used as a place of residence save by the vendor and his family or caretakers.

4. Except in the case when two or more foreign liquor licenses are held by one person, sales under each license issued must be in different premises (chemists and druggists and medical practitioners excepted). The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor except in accordance with the terms of a compounding license

* This order is not intended to debar relatives of village officers from holding abkari and opium shops which are not situated in or near or which do not supply villages in which the village officers themselves are employed.

† Deposits may be in cash or other approved security. ‡ Includes Deputy Tahsildar in independent charge.

is prohibited. But intoxicating drugs made from opium or the poppy other than morphia or preparations for smoking may be prepared and sold in shops licensed for the sale of opium. In shops which are clearly of a superior character private bars may be sparingly allowed by the Collector, under a special license to be granted by him free of fee, provided that the interior of the bar is wholly visible from the doorway and that the entrance to it is either through the main door of the shop or through a separate door clearly labelled, or provided with a proper signboard to show its nature.

5. A signboard must be affixed to the front of each depot or shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and, in the case of taverns and wholesale depots, in English also. The license must be hung up in a conspicuous place within.

6. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to opium and intoxicating drugs either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. Nothing shall be added to liquor except in compounding or blending in accordance with the terms of a license. Liquor shall not be bottled except in accordance with the terms of a bottling license. Nor shall different kinds of liquors be mixed and sold under the designation of one of them. All officers authorized to inspect depots and shops (*vide* condition 25 *infra*) are authorized to detain any liquor, opium or intoxicating drugs found unfit for consumption or use, or which they may believe to have been tampered with in any way, and all Collectors and Deputy and Assistant Commissioners of the Salt, Abkari and Customs Department are empowered to confiscate or destroy any liquor, opium, or intoxicating drugs unfit for consumption or use or which have been tampered with, and all liquor to which liquor of another description has been added and which is being offered for sale under the name of one of the liquors so mixed.

7. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of 16 or by persons suffering from leprosy or any contagious disease and the employment of such persons in shops or depots for the sale of the same are prohibited. The Divisional Officer may, where necessary, call for the names of all persons employed or proposed to be employed in depots or shops and forbid the sale of liquor, opium or intoxicating drugs by any person of whom he may disapprove.

8. No depot or shop shall be opened before sunrise or kept open after 9 P.M. except under special authority. No arrack shop, foreign liquor tavern or beer shop shall be opened before 9-30 A.M. in Madras or 9 A.M. elsewhere. In Madras sales after 9 P.M. will be allowed only in special cases under separate licenses and on payment of such fees as may be prescribed by the Collector. Power is reserved to Collectors on the report of the Police or for other sufficient reasons to order the closure of any particular shop either in towns or in the country at 8 P.M. or even at an earlier hour, if they consider such a course to be advisable in the interests of the public.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

10. No robbers or thieves or disorderly or riotous persons shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police officer.

11. No person shall be harboured in any depot or shop during the night.

12. Depots and shops situated on or adjacent to the line of march must be closed, if the Collector so orders, while a regiment or detachment of European or native soldiers is passing or is encamped in the vicinity. Collectors or Divisional Officers shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depot and shopkeeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13. Collectors may order the transfer of depots and shops from one locality to another or their closure or the opening of new depots and shops within limits as to number to be fixed by the Board of Revenue in their discretion. But no new shops should be opened unless notice of the sites selected has been published in the District Gazette six months before the commencement of the lease and no such changes as affect the interest of adjacent shopkeepers shall be made during the currency of a lease except under special sanction of the Board. Tahsildars may at any time permit the transfer of a shop within the limits notified for the shop in the sale notice.

14. The right is reserved to the Collector to grant "Occasional Licenses" for the sale of liquor, opium and intoxicating drugs, on the occurrence of fairs, festivals, etc., only in places in the vicinity of which there are no regularly licensed shops. This power in regard to country spirits and toddy may also be exercised by Divisional Officers. Such licenses should be issued only when absolutely necessary and shall ordinarily be granted to the shopkeepers who usually supply the locality or to the representatives of the renter. The licenses shall run only as long as they are actually required not exceeding ten days. Not more than one license shall be issued for a fair or festival without the sanction of the Board. The fees to be paid for the licenses shall be fixed at the discretion of the officers issuing them.

15. No liquor, opium or intoxicating drug shall be sold or given—

(a) Except at shops specially approved by the General Officer Commanding the Division (or Independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the license—

(1) to sailors of the Royal Navy, soldiers and members of their families, or

(2) to any other person living in barracks;

(b) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, *i.e.*, all class of followers (other than private servants) whether on or off duty, who have a right to be in cantonments; or

(2) to Fishermen, Excise officers and Railway servants when on duty; or,

(c) in any circumstances to any—

(1) European vagrant under escort of the Police;

(2) child under sixteen years of age;

(3) insane person; or

(4) person known or believed to be intoxicated.

Note.—The restrictions in (a) and (b) do not apply to Native soldiers, their families and followers when they are absent on leave from their regiments.

16. No privilege of supply or vend shall be sold, transferred or sub-rented without the Collector's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any abkari or opium license will be allowed, without special permission from the Collector, to possess any interest in any abkari or opium license in any Native State or foreign territory or in any British territory where a low rate of duty is in force and which is adjacent to the district in which he holds his license.

18. Depots and shops must be kept open unless their temporary or permanent closure is authorised under condition 12 or 13 *supra* and such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained thereto. Shops not opened by dates to be fixed by the Collector shall be liable to be re-sold at the risk of the licensees.

19. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

20. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum † prices as may be fixed for sale of the same in accordance with the law for the time being in force.

21. No liquor, opium or intoxicating drug in excess of the quantity prescribed ‡ for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit; nor shall liquor or intoxicating drug be sold at wholesale depots in quantities less than the minima prescribed.

22. True accounts of transactions shall be maintained from day to day in ink in the prescribed form. The accounts and permits shall be in printed books. The account books may be obtained from local Revenue officers on payment of cost price. The permit books can be obtained at all Circle offices on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, opium or intoxicating drugs received and the counterfoils of permits issued must be carefully filed. The signing of blank permits for subsequent issue is prohibited. The accounts and counterfoils of permits shall be preserved for one year after the period covered by the license and shall be produced when called for by an officer not below the rank of Assistant Inspector of the Salt, Abkari and Customs Department.

23. Such returns and information as may be required by the Divisional Officer from time to time shall be furnished by holders of licenses.

24. Only such weights and measures as may from time to time be prescribed by the Commissioner of Salt, Abkari and Separate Revenue shall be possessed or used on any licensed premises, and they shall be tested and stamped by the stamping establishment of the district if the Collector shall so direct. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment.

25. The officers authorised to inspect licensed shops and depots are—

(1) any officer of the Revenue Department of rank not lower than Revenue Inspector, and

(2) any officer of the Salt, Abkari and Customs Department of rank not lower than Sub-Inspector.

These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, opium and intoxicating drugs in the possession of the licensees, and to call for and check the accounts kept in the shop or depot. Police officers will also make inspections when it comes within the scope of their duty.

26. An inspection note-book, with the pages numbered consecutively, for inspecting officers to enter their remarks in, shall be maintained, and be handed over to the Inspector of the circle or any officer authorised by him to receive it on a receipt being given therefor.

27. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into a Government Treasury on or before the 10th § of each month beginning with April or October as the case may be. Fees for depots should be prepaid.

28. No remission or abatement of the rent shall be claimable on any account whatever.

29. Any sum due by a licensee may be collected § under the Revenue Recovery Act or adjusted from the deposit, if any, made by him at the commencement of the lease. He shall be bound to replace any sums adjusted from his deposit within fifteen days of receipt of notice from the Tahsildar.‖

‖ Includes Deputy Tahsildars in independent charge.

30. Power is further reserved to Revenue officers to suspend * licenses in case of failure of payment of kists or (in the case of toddy) tree-tax also on the due dates. In the case of arrack, toddy, ganja and bear shops and taverns, this power will be exercised by Tahsildars,† in the case of opium shops by Divisional Officers and in other cases by the Collectors.

31. In the event of suspension of a license for failure to pay arrears, the privilege of sale will be re-sold with effect from the date of issue of license to the new purchaser or otherwise disposed of at the Collector's discretion. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture. The officer who has power to suspend the license may, however, at his discretion, allow sales to continue pending re-sale or other disposal of the privilege.

33. Infringement of any of the conditions of the license either by a licensee or by any person in his employment will entail on the licensee—

The licensee or his agent may also be prosecuted for the specific offence committed.

Note.—For continuing breaches of a license succeeding fines may be imposed.

34. Any license may be forfeited and the privilege be re-sold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the Abkari / Opium Act, or of any offence under the Indian Penal Code, which in the Collector's opinion renders him unfit to hold it. The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offences as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal license. Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

34-A. Any license may be forfeited and the privilege be re-sold or otherwise disposed of at the risk of the licensee if it is brought to the notice of the Collector that the licensee has been *previously* convicted before a Magistrate of any of the offences mentioned above. The purchaser of a privilege is liable to this penalty even though a formal license may not have been issued to him.

35.
